

One Health for People! Pets! and Partners!

Plan! Promote! Participate!

The Human-Animal Bond - Loved Just for Being!

Living in the present is a gift!

Get Involved!

Promote optimum health and wellbeing of people, pets, and partners (service animals).

Engage friends, family, coworkers, and businesses from coast to coast by hosting seasonal events year round at a trail nearest you.

Tell your Human-Animal Bond stories from now until 2017 as our gift to Canada on its 150th birthday. Visit our [Storytelling page](#) for details.

Event Proceeds! The proceeds from these events will be used to resource our [charitable activities and programs](#).

Trans Canada Trail Matching Gift Campaign

CFAS will give a portion of the events proceeds to support the Trans Canada Trail's matching gift campaign to maintain and complete the trails by 2017.

The One Health Initiative is a worldwide movement for advancing healthcare in the 21st century and a strategy for expanding interdisciplinary collaborations and communications in all aspects of healthcare for humans, animals and the environment.

In response to this movement The Canadian Foundation for Animal-Assisted Support Services and supporters will promote the health benefits associated with The Human-Animal Bond. Our One Health vision is to connect people, pets, and partners (service animals) from coast to coast on the Trans Canada Trail by 2017 to coincide with Canada's 150th celebrations. With the help of our national partner Canada 150 Canada's largest history gathering project ever we plan to capture and preserve Canadians Human-Animal Bond stories as our gift to Canada on its 150th birthday--July 1, 2017.

Get Involved!

Plan

- 1) Volunteer your time and talents
- 2) Host an event on a trail nearest you.
- 3) Build a Team ([Register Online](#))

Promote

- 1) Spread the word.
- 2) [Sponsor an event\(s\)](#).
- 3) [Start telling your stories](#)

Participate

- 1) [Register](#)
- 2) [Track the number of steps you walk](#)
- 3) [Donate](#)

*Please note that all animals must be leashed, harnessed, contained, and muzzled as appropriate. Not all trails accept all animals so visit the trails websites for details.

About Us

Value Creation Impact Statement

Our mission is to improve the health and quality of life of people with physical, emotional, and social challenges through partnerships with companion and service animals.

Health is More Than the Absence of Disease

The World Health Organization's constitution states: "Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity."

Tans Canada Trail

All events will be subject to the seasonal activities offered at each of the trails. Please refer to trail guidelines to ensure everyone's safety for these fulfilled events.

Animal Assisted Support Services are partnerships between people and animals that improve physical, emotional, and social well-being.
